Education

Ph.D., Economics	University of Arizona,	2010
M.A., Economics	University of Arizona,	2007
B.A., Economics (Minor- Mathematics)	University of Colorado, Colorado Springs	2005

Academic Appointments

The University of Tennessee	Associate Professor of Economics August 2020 - Present
The University of Alabama	Associate Professor of Economics (with Tenure): August 2016 – August 2020 Reese Phifer Faculty Fellow in Economics: August 2019 – August 2020 Assistant Professor of Economics: August 2010 - July 2016
University of Technology, Sydney	Honorary Appointment: May 2019- August 2019, May 2017- August 2017
New York University, Abu Dhabi	Visiting Associate Professor of Economics: September 2017 - December 2017

Research Interests

Game Theory, Mechanism Design, Public Economics, and Experimental Economics

Published Papers

Political Business Cycles in a Dynamic Bipartisan Voting Model (with Paan Jindapon), *Mathematical Social Science*, 102, (2019), 15-23.

“Dissolving a Partnership Securely,” with John Wooders, *Economic Theory*, (2019), 1-20.

“King of the Hill: Giving Backward Induction its Best Shot,” with Martin Dufwenberg, *Games and Economic Behavior*, 112, (2018), 125-138.

Are we there yet? Mechanism Design beyond Equilibrium, with Mark Walker, appears in “Social Design: Essays in Memory of Leonid Hurwicz” Edited by W. Trockel. (2018)

“A Simple Market-Like Resource Allocation Mechanism for Public Goods,” with Mark Walker, *Games and Economic Behavior* (2017)

“Dissolving a Partnership Dynamically,” with John Wooders, *Journal of Economic Theory*, 166, (2016), 212-241.

“Blind Stealing, Experience and Expertise in a Mixed Strategy Poker Experiment,” with John Wooders, *Games and Economic Behavior*, (2015), 186-2016.

“Bartering Games in the Kölm Triangle,” *Journal of Public Economic Theory*, 17, (2015), 297-310.

“A Nearly Optimal Auction for and Uninformed Seller,” with Natalia Lazzati, *Economics Letters*, (2014), 396-399.

“A Clarke Tax Tatonnement that Converges to the Lindahl Allocation,” *Social Choice and Welfare*, 43, (2014), 309-327.

“Regulating the Anti-Commons: Insights from Public Expenditure Theory” *Southern Economic Journal*, 80, (2013), 523-539.

“Making Efficient Public Good Decisions using an Augmented Ausubel Auction,” *Economic Theory Bulletin*, 1, (2013), 523-539.

“A Simple Supermodular Mechanism that Implements Lindahl Allocations,” *Journal of Public Economic Theory*, 15, (2013), 57-68.

“An Equilibrium Analysis of Knaster’s Fair Division Procedure,” *Games*, 4, (2013), 21-36.

“Tacit Collusion in Price Setting Oligopoly: A Puzzle Redux,” with William B. Hankins, *Southern Economic Journal*, 79, (2013), 703-726.

“Hold-up: With a Vengeance,” with Martin Dufwenberg and Alec Smith, *Economic Inquiry*, 51, (2013), 896-908.

“Informational Complexity, Punishment, and Stability in Two Nash Efficient Lindahl Mechanisms,” *Review of Economic Design*, 16, (2012), 15-40.

“Out-of-Equilibrium Performance of Three Lindahl Mechanisms: Experimental Evidence,” with Mark Walker and Natalia Lazzati, *Games and Economic Behavior*, 74, (2012), 366-381.

“A Note on the Stability of Chen’s Lindahl Mechanism,” *Social Choice and Welfare*, 38, (2012), 365-370.

Working Papers

Just Lindahl Taxation – A Welfarist Solution

Dual Auctions for Assigning Winners and Compensating Losers (with John Wooders)

Allocating Positions Fairly: Auctions and Shapley Value (with John Wooders)

Mimic Martingales in Sequential Auctions (with John Wooders)

Breaking-Up Should Not be Hard to Do: Designing Contracts to Avoid Wars of Attrition (with Alex Brown)

Peer Evaluation (with John Wooders)

Non-Refereed Publications

“Why auctions are a better way to resolve business splits,” with John Wooders, *The Conversation*, October 2016.

Grants and Awards

Grants and Awards Received

2018 REF Grant, New York University Abu Dhabi, “Designing Mechanisms for the Efficient Allocation of Common Property,” with John Wooders: \$65,000
Grant Writing Workshop Grant: University of Alabama: 2016

Summer Excellence in Research Grant: University of Alabama: 2015, 2019
Summer I Research Grant: University of Alabama: 2011, 2012, 2013, 2014
NSF Dissertation Improvement Grant #0850788: 2010
Ed Zajac Prize for Best Doctoral Student Research Paper in Economics: University of Arizona
University of Arizona Dean's Teaching Award: 2008, 2009
Outstanding Economics Graduate (2005) : University of Colorado, Colorado Springs

Some Recent Presentations

"Allocating Positions Fairly: An Auction and its Relationship to the Shapley Value," Seminar Series, University of Tennessee, January 2020
"Peer Evaluation" PET Meeting Strasburg, July 2019
"Allocating Positions Fairly: An Auction and its Relationship to the Shapley Value," UTS Market Design Conference Sydney, May 2018
"Allocating Positions Fairly: An Auction and its Relationship to the Shapley Value," Walker Conference, Tucson, May 2018
"Allocating Positions Fairly: An Auction and its Relationship to the Shapley Value," APET Frontiers of Public Economics, Abu Dhabi, December 2017
"Mimic Martingales in Sequential Auctions," Seminar Series, New York University Abu Dhabi, October 2017.
"Mimic Martingales in Sequential Auctions," Seminar Series, University of Technology Sydney, August 2017.
"A Simple Market-Like Mechanism for Public Goods," Seminar Series, University of Technology Sydney, August 2016.
"Dissolving a Partnership Dynamically," Seminar Series, Texas A&M University, January 2016
"Breaking-Up Should not be Hard to Do: Designing Contracts to Avoid Wars of Attrition." 2015 SEA Meeting, New Orleans, LA.
"Dissolving a Partnerships Dynamically," Seminar Series, University of Texas, Dallas, November 2015
"King of the Hill," World ESA Meetings, July 2015, Sydney AU
"Dissolving a Partnerships Dynamically," Seminar Series, Vanderbilt, October 2014
"Blind Stealing, Experience and Expertise in a Mixed Strategy Poker Experiment, Seminar Series, University of Virginia, January 2014.
"Bartering Games in the Kolm Triangle," Seminar Series, University of Mississippi, February 2013.

Professional Service and Activities

Referee for:

Games and Economic Behavior; Economic Theory, Experimental Economics; European Economic Review; Journal of Economics, Behavior, and Organization; Journal of Public Economic Theory; Social Choice and Welfare; Economic Inquiry; Management Science; Theoretical Economics; Southern Economic Journal; Economic Journal; EC17 Conference Proceedings; University of Missouri Research Board; Resource and Energy Economics

Thesis Committee:

Bernadette Butcher – Master’s Thesis (Mathematics) 2014
Boyi Zhuang – PhD Thesis (Economics) 2016
Michael Solemon – PhD Thesis (Economics) 2019
Fan Wu– PhD Thesis (Economics) 2020

University of Alabama Committee Service

University of Alabama PhD Comprehensive Exam Committee
(Writer/Grader Microeconomics Exam): 2014 - 2020
University of Alabama Master’s Program Coordinator (Economics): 2016- 2020

Other Activities:

Lindau Nobel Conference in Economic Sciences, NSF Fellow, 2008
IFREE Graduate Workshop in Experimental Economics, George Mason University, 2007

Teaching Experience

New York University, Abu Dhabi:

Introduction to Game Theory (Undergraduate)
Intermediate Microeconomics (Undergraduate)

University of Alabama

Introduction to Game Theory (Undergraduate)
Intermediate Microeconomics (Undergraduate)
Games and Decisions (Undergraduate/ Masters)
Social Choice (Undergraduate/Masters)
Economics of Fairness (Undergraduate/Masters)
Advanced Microeconomic Theory (Masters)
Advanced Microeconomic Theory (PhD: Economics/Finance)
General Equilibrium (PhD: Economics/ Finance)
Game Theory (PhD: Economics)
Public Expenditure Theory and Policy Analysis (PhD: Economics)

University of Arizona

Introduction to Economics (Undergraduate)
Intermediate Microeconomics for Business Majors (Undergraduate)
Information Economics (Undergraduate)

Public Economics (Undergraduate)
Mathematics for Economists (PhD: Economics, Finance, Accounting)

Teaching Interests

Microeconomic Theory
Game Theory/ Mechanism Design
Economics of Fairness/ Social Choice
Public Economics
Mathematics for Economists
